# Harding Preparing To Meet Bucyrus Team Saturday

## BOTH EXPECTED TO USE AERIAL ATTACK IN BENEFIT GAME

### Contest Will Close Season for Both Schools; Plan Preliminary Event.

The Harding Presidents were to resume practice sessions at the stadium field tonight after a two-day rest, Rainy weather, Monday and Tuesday, coupled with the fact that the team has only one more game on the 1935 schedule gave the Cramermen their two-day respite from usual workouts.

Mid-season practice sessions were never halted for adverse weather conditions but, because of the impossibility of developing new plays to any degree of perfection, the team spent Monday and Tuesday night nursing minor injuries. Plans for the final game of the season, a non-league contest here with Bucyrus, Saturday, were discussed as the players and coaches met in the dressing room before dismissal last night.

The line of attack for Saturday's game, according to present plans, indicates that the Presidents may take to the air in their bid for victory over the well-balanced Bucyrus team. "When the squad resumes practice tonight," Coach Carl Cramer said today, "much time will be given over to offensive and defensive pass plays. With the first workout since the Shelby game being held tonight we will open up during the remaining practice sessions," he said. Scrimmage and plenty of it was on tap for the players tonight and Thursday with drill work scheduled for dress rehearsal on the night before the game. Followers of the Harding team voiced their expectations of seeing plenty of action when the Crawford county team arrives here Saturday.

**Ends Grid Season**

The Bucyrus-Marion game brings down the curtain on the grid season for both teams. It has been scheduled as a Harding band benefit game, with the entire proceeds to be used for the purchase of new band uniforms. A ticket sale drive by the student body of Harding High school is well under way. Students have been divided into teams and are handling the direct sale of the tickets. Tickets also are on sale in several uptown stores.

Saturday's game will be the second to be played in the new Harding stadium and an additional concrete section to the north of the middle group will be ready for the game, Charles W. Williams, foreman in charge of construction, said today.

The middle section of the stadium, first used for the dedication game with Mansfield, Oct. 12, has a seating capacity of 1,837. The recently completed north section seats 433, as does a section to the south which is now under construction. Tickets for the benefit game will sell for 50 cents a person and will give the purchaser the privilege of reserving a seat at no extra cost.

Plans are being made for a preliminary game to begin at 1 p. m., bringing together teams from three junior high schools. The present set-up would include teams from Central, Edison and Mt. Vernon junior high schools. They would meet in competition which would last a game and a half. Following a half game between the first two teams they would alternate in playing the third team. Each pair would see action in a regulation half game. Drawing for contestants in the opening preliminary game will be made sometime this week.

**Lost To Willard**

Bucyrus gridders used an aerial attack in their game with Willard last week. It was an accurate foray but it fell short of equaling the strong Willard offense and Bucyrus dropped to defeat, 26 to 14. Planning their battle campaign against Marion in a similar manner, the spectators Saturday should view an interesting game between two teams which are known for their aerial encounters with opponents.

Dye, Bucyrus fullback, and Carle at quarterback, were responsible for the touchdowns against Willard. Beginning a passing program on their own 42 yard line the Bucyrus team marched steadily to within six yards of a touchdown. On two line plays the ball was carried over for the score, with Carle getting credit for the touchdown. Culver's kick was good for the extra point. Receiving a Willard punt on its own 45-yard line, the Bucyrus team passed its way to the opponent's one-yard line. Dye took the ball through center on the next play and Breymaier successfully kicked the extra point.

## THREE "BIG" GRID GAMES SATURDAY

Three gridiron clashes which are distinguished by tradition and past rivalry head the gridiron card for Nov. 16. In the midwest, Ohio State, led by flashy Stan Pincura at quarterback, meets its ancient foe Illinois, whose field general is Wib Henry. At the Yankee stadium in New York, Notre Dame will match its sensational Bill Shakespeare against Army, whose outstanding end, Bill Shuler, will figure largely in the fate of the Cadets. In the south, Georgia and Louisiana State clash. Abe Mickal is star halfback for Louisiana and John McKnight is the stalwart center of Georgia's Bulldogs.

## TWO MARION BOXERS TO FIGHT AT KENTON

### Ray Schneider and Tiny Moore To Meet Out-of-Town Opponents Thursday.

Two Marion boxers will journey to Kenton Thursday night to appear on a 34-round fight card to be presented at the Hardin county armory by Company "E" of the Kenton National Guard unit.

Ray Schneider, Marion 185-pounder, will meet Steve Maddox of Phoenix, Ariz., in a featured heavyweight match and Tiny Moore, 147-pound Marion boy, will battle Tommy Gill of Columbus.

Headlining the card will be the fight between Carl Turner, colored Columbus boy, and Stanley Smith of Findlay. In the semi-final, K. O. Maskey of Bucyrus will fight Joe O'Malley of Columbus while "Soldier" Forshing of Fort Hayes, Columbus, will tangle with Steve Barcic, well known Bucyrus fighter. Two other bouts, featuring Kenton talent, have been arranged.

## 70 Grid Games Won On Plays For Extra Point

By The Associated Press

WASHINGTON, Nov. 13 — All touchdowns are created equal, but that pesky little extra point has changed the complexion of some 70 games this year and has brought the downfall of five major teams which previously had been unbeaten.

The Navy, looking strong in early games, was whipped by an extra point boot by Hank (One Play) Gardner of Yale. The sailors then started on the tobaggan that saw them lose to Notre Dame and Princeton before hitting their stride against Pennsylvania.

It was a one-point margin by which Princeton overcame Pennsylvania's early advantage to win one of the country's first major battles of the season.

Stanford, Rose Bowl contender for two years, was bumped off by the University of California at Los Angeles through the cashing in of the extra point. The Cardinals have a perfect year, with that lone one-point exception.

The Texas Aggies dropped by the wayside when Centenary sprung a 7 to 6 win. New York University protected its unbeaten record only by a late rush and conversion against Georgetown.

Mississippi, making its greatest bid for a southeastern conference championship Saturday, bowed to Tennessee's 14 to 13 margin. Vanderbilt whipped Georgia Tech by the same edge.

At least a half dozen contests have been decided by a 2 to 0 score as the result of safeties. Two of these involve major teams. Penn State downed Western Maryland 2 to 0 and Baylor won from Oklahoma City University by the same count.

## SEMI-PRO CAGE TEAM FORMED

Members of the Marion Colored Independent baseball club have organized a semi-professional basketball team and will be playing cage games this season under the title of the Pirates. Manager Mac Johnson announced today that the first practice of the newly formed team will be held at the Y. M. C. A. Thursday night.

Games with other teams in this territory are being booked and the season is to begin early in December. Teams wishing to schedule games with the Pirate team should get in touch with Cecil Roberts of 690 Hocking street.

## MID-STATE LEAGUE TITLE UP FRIDAY

### Mt. Gilead To Play Mansfield Madison in Conference Championship Game.

Special to The Star

MT. GILEAD, Nov. 13 — Mt. Gilead and Mansfield Madison high school elevens will clash here Friday afternoon for the Mid-State league championship. Neither team has lost a game this year in the league and neither has lost to any Class B opponent, although Mt. Gilead lost to Shelby and Madison to Mansfield and Galion.

It will be the third straight year the two clubs have contested for the league championship. The Madison Rams won 13 to 12 last year and by a much wider margin the previous year. The Rams have won 17 straight games in the league and have never been defeated.

Bob Payne, one of the best open field runners seen in central Ohio high schools this fall, is expected to lead the Mt. Gilead attack. He has scored 95 points in seven games played. Fourteen were from touchdowns, and the remainder from place kicks for extra points except for two points credited to him on a safety.

The game Friday will be started at 3 p. m.

### WRESTLING LAST NIGHT

HARRISBURG, Pa.—Hans Kampfer, 230, Germany, defeated Freddie Meyer, 210, Chicago, one fall.

MILWAUKEE—Danno O'Mahoney, 219, Ireland, defeated Biber McCoy, 217, Boston, one fall.

NEWARK, N. J.—Ed Don George, 228, New York, defeated Charley Strack, 225, Colgate, one fall.

## Bowling Results

### Thirteen Bowlers, Headed by Axthelm with 236, Pass Double Century Mark as All Stars Roll.

Dugan Clothiers toppled the pins last night for a one-game total of 1,030 as the All Star league met on the Recreation Alleys. The Clothiers score, one of the highest this season, was made possible by three individuals who went over the double century mark and the two others who came within a few points of the coveted mark.

Axthelm was high scorer for the single game with 236 and George Thomas held high three-game score with 597. A total of 13 bowlers rolled games which were over the 200 mark.

## INJURIES TO KEEP MANY OHIO GRIDDERS ON BENCH SATURDAY

### Ohio Wesleyan Works Out in Rain for Marshall Game; Reserve Meets Denison.

By The Associated Press

The Baldwin-Wallace Yellow Jackets, leading contenders for the Ohio conference championship, probably will take to the field against Findlay Saturday without the services of two valuable players.

Coach Ray Watts announced today that Bud Haerr, halfback, had suffered a recurrence of the knee injury which kept him out of the B.-W.-Western Reserve tilt several weeks ago. Dick Van Almen, who plays tackle and fullback, also will be benched by a sore knee, Watts said.

Fearing an upset, Watts had been driving his squad at full speed this week in practices for the Findlay encounter.

The Miami coach, Frank Wilton, was enveloped in gloom also today. He gave his squad barely an even chance to defeat Dayton in the Buckeye conference clash Saturday. "We haven't a back who can equal McDonough of Dayton," Wilton said.

The University of Cincinnati line underwent a change as Coach Russ Cohen prepared for the task of trying to defeat Ohio U. Andy Douds of Shelby was shifted to Dick Gulick's guard position.

Kent State had a day of rest from scrimmage yesterday, while the freshman squad was instructed in Ashland plays.

Both Oberlin and Kenyon reported casualties as they prepared for their fracas Saturday. Sam Barnes, Oberlin end, and Jim Paley, center, suffered leg injuries which made them doubtful starters. Harry McGinness, halfback, and center Fritz Taylor were on Kenyon's injured list. Rodney Doren of Dayton was expected to start in place of McGinness.

Ohio Wesleyan went through a long workout in the rain in preparation for the Marshall game. Bill Edwards, coach of Western Reserve, was not taking the Denison game lightly, for he drove his squad through a strenuous scrimmage session against the freshmen.

## IRISH MILITARY RIDERS WIN CUP

By The Associated Press

NEW YORK, Nov. 13—The Irish Free State team held today a cup it had sought for seven years, the international military team challenge trophy of the National Horse show.

With a thunder of acclaim from 15,000 spectators—ermine-coated matrons and stable boys alike—the Irish defeated the teams of four other nations last night by a performance which surprised their most enthusiastic followers.

The United States team placed second in the show's closing event, followed in order by the riders of Chile, Canada and France.

## Sportsmen Discuss New Laws; Season Open Friday

### Fish and Game Protective Association Plans Drive To Increase Membership to 2,000 Mark.

Approximately 300 persons attended a meeting of the Marion County Fish and Game Protective association last night at the Redmen's hall. The organization, which now has nearly 1,000 members, has made plans to increase its membership to a definite goal of 2,000 Marion county sportsmen.

At the meeting a drawing for prizes was held and various groups present discussed the game law changes in connection with the opening of hunting season Nov. 15.

The fall hunting season will begin Friday when the season opens for rabbits, pheasant, partridge, 'coon and 'possum. This year, for the first time, the state will try its new rule to prohibiting hunting before noon on the opening day. This new regulation may mean much to halt the annual toll of hunters killed and wounded on the opening day.

Rabbit season is from Nov. 15 to Jan. 1 inclusive and the daily bag limit is five. Sale of the rabbits is unlawful.

Raccoons may not be hunted until 6 p. m. on the opening day and throughout the season may be taken anytime between the hours of 6 p. m. and 6 a. m.

Season on the Hungarian partridge and the ringneck pheasant is Nov. 15 to Nov. 25, and the bag limit each day is four on partridges, and on pheasants two cock birds. Bird hunting is limited to the hours between 7 a. m. and 5:30 p. m., this year. Shooting on the opening day is permitted only between 12 noon and 5:30 p. m.

Season on raccoons, skunks and opossums is Nov. 15 to Feb. 1.

Several changes have been made this year in the game laws and hunters were urged to study them carefully before going into the field. The conservation council acted last week to extend the opening season on raccoon to Feb. 1, and removed all protection from red fox in Knox, Ashland, Richland, Morrow and Delaware counties. In Holmes, Coshocton and Licking counties the open season is only from noon Nov. 15 to Feb. 1.

## WALDO, MORRAL PLAY THURSDAY

The Waldo-Morral rural high school basketball game scheduled for Friday night will be played Thursday night at Waldo, it was announced today by M. B. Porter, coach at Waldo.

Expectation of coaches that a number of team members will want to go hunting Friday, when the hunting season opens, is the reason for advancing the game one day, he said.

## RESERVE-OBERLIN SERIES MAY END

By The Associated Press

CLEVELAND, O., Nov. 13—One of the oldest college football rivalries in Ohio, the Reserve-Oberlin series, may come to an end, officials of both schools said today.

Dr. J. H. Nichols, Oberlin athletic director, said his college is trying to schedule future games with teams of colleges about the same size and scholastic standing as Oberlin. Tentative schedules do not include a game between the two colleges next year. Reserve withdrew from the Ohio conference several years ago.

The rivalry extends back to 1891. Of the 46 games played in the series Oberlin was won 28, Reserve 15 and three have been tied. The teams meet Nov. 23 at Oberlin.

# SELECT STOCKS GIVEN SUPPORT

## Prices Firm Slightly on Small Transfers During Quiet Trading.

By The Associated Press

NEW YORK, Nov. 13—The stock market was accorded quiet but selective support today as sellers of the previous session appeared to have experienced an overnight change of heart.

After a little liquidation at the start, trading turned rather dull and, here and there, prices tended to snap back on moderately small transfers. There were a number of new highs for the year or longer recorded. At the same time scattered soft spots were still in evidence.

Further declines in wheat were not helpful to equities. There was also some realizing in cotton...monds, on the whole, were trendless. Foreign exchanges were narrow

Shares of Bethlehem Steel rallied more than a point as the company's shipyard activities received attention. International Nicked gained as much in a relatively heavy turnover Bright earnings prognostications for the nickel concern aided the demand for this issue.

Radio B and American Bank Note added 2 points or so to their Tuesday's advance. Improvement was shown by U. S. Steel, Wesson Oil, Case, American Can, North American Aviation, Cerro De Pasco, Union Pacific, Santa Fe, Chesapeake & Ohio, National Distillers, Schenley and Louisville & Nashville. Such stocks as Chrysler, General Motors, American Telephone and Western Union were about even. Corn products and air reduction were down around a point each and Coca Cola dropped nearly 4

While most bull and bear markets are "different," the current one, some commentators felt, is exceptional because of the cash nature of most of the buying and much of the trading. With margins so large, it was believed the background is not of the character to induce sharp technical breaks which were formerly experienced after an extended advance.

Estimates of freight car loadings for the past week indicated a decline of some 30,000 under the previous week to a total of about 650,000. This decrease, attributed partly to unseasonal weather conditions and to the fact that election day was a partial holiday in some states. Would be less than seasonal.

# MERCY MURDER WINS CLERGYMEN BACKING

## "Gloomy Dean" Inge Included Among Noted Clerics Who Support Movement.

By The Associated Press

CHICAGO, Nov. 13 — Indorsement of England's "mercy murder" movement by clergymen, including the famed "Gloomy Dean," William Ralph Inge, was reported today by the London correspondent of the Journal of the American Medical association.

"To meet possible objections on religious grounds," the former dean of St. Paul's cathedral signed a statement that "what is proposed is not contrary to Christian principles," the journal correspondent said in this week's issue.

Other signers, the correspondent said, were Dean Inge's successor at St. Paul's, very Rev. Walter Robert Matthews; Canon H. R. L. Stephens, and Dr. T. Rhondda Williams, chairman of the congregational union.

Additional "influential support" for the newly former "voluntary euthanasia legislation society"—which seeks to give physicians legal power to terminate suffering from incurable diseases if the patients wish it—was listed as follows:

Rev. Prof. J. M. Creed of Cambridge university; Sir Humphry Rolleston, former president of the Royal College of Physicians; Sir George Seaton Buchanan, vice president of the League of Nations health committee, and Prof. Julian Huxley, biologist and author.

# CINCINNATI VOTE COUNT FINISHED

## Proportional Representation Faces Biggest Test.

By The Associated Press

CINCINNATI, Nov. 13—Cincinnati's week-long count of "P. R." votes in its councilmanic race stood completed today, and with a four-four-one alignment presented, there loomed a suggestion that the proportional representation system of balloting might face its greatest test here during the next two years.

Signs pointing to a campaign for adoption of the non-partisan ballot already are apparent.

With four Republicans, four members of the Charter party and one Independent—the latter, Rev. Herbert S. Bigelow, planning to extend his newly-found political power into state and national fields—there were indications also of hard fights ahead in the settlement of civic problems.

Completion of distribution of second choice votes last night found three men elected, in the order of their attainment of the necessary quota: Russell Wilson (C.); Bigelow (Inds.); Willis D. Gradison (R.); James A. Wilson, Edward B. Imhus and Anthony B. Dunlap, all Charter men, and Nicholas Klein, James G. Stewart and Dr. R. P. McClain, Republican.

# COUNCIL APPROVES STREET PROPOSAL

## Mt. Vernon Avenue-Church Street Project Lacks Federal OK.

Another step in the proposed state highway department project to resurface and widen Mt. Vernon avenue and a part of East Church street was taken last night when city council adopted an ordinance approving the work.

The project calls for resurfacing and widening Mt. Vernon avenue to the east city limits, and resurfacing and widening East Church street from State street to Vine street.

Only final approval of the project by the federal government is now needed to start the street program, George Hunt, highway department resident engineer for Marion county, said today. The project would be financed by federal and state funds as a statewide WPA project on highways. The city will have no part in the financing.

Council authorized Service Director C. E. Mercer to sign an agreement with the highway department whereby the city would maintain the streets after completion of the project, keep the highway open to traffic at all times, and provide for parallel parking on Mt. Vernon avenue and on East Church street between State and Vine streets.

The cost of the project is estimated at between $70,000 and $75,000, Mr. Hunt said. All WPA labor would be used.

# ADDISON BAIN JOINS IN PLEAS TO SAVE SULKIN

**Marion Man, Once Toledo Newsboy Association Official, Rallies to Aid of Former Member.**

The case of Jacob "Firetop" Sulkin, former Toledo newsboy who was granted a 60-day stay of execution Saturday by Gov. Martin L. Davey, has aroused state-wide interest, particularly in his home town of Toledo where he was one of the early members of the nationally famous Toledo Newsboys' association, but no Toledoan has followed the fight to save him from the electric chair with more personal interest than has Addison Bain, of 182 Wallace street.

Mr. Bain was for six years active in charge of the Toledo Newsboys' association, he explained in discussing his interest in Sulkin and the endeavors he has made in the last two weeks in Sulkins' behalf.

"Firetop" was sentenced to the chair about six months ago, convicted of complicity with the notorious Yonni Licavoli gang in Toledo. "Wop" English, the triggerman who did the killing for the gang, and Yonni, the gang's chief, were given life sentences.

**Petitions Circulated**

Toledo citizens, among them some of the most prominent residents, began circulating petitions several weeks ago requesting the governor to commute the death sentence and hundreds of persons wrote to the governor asking commutation on the grounds that the other two men had not received the extreme penalty. Petitions still are in circulation in Toledo.

Mr. Bain wrote to Gov. Davey on Nov. 8:

"Thirteen thousand Toledo newsboys enrolled in the Toledo Newsboys' association by the late John E. Gunckel and myself, are pleading with you today in the name of equality of justice to spare the life of our unfortunate newsboy, Jacob 'Firetop' Sulkin."

Before he wrote Gov. Davey, Mr. Bain twice communicated with Warden J. C. Woodard and both times sent books and magazines to "Firetop." The first bundle contained a volume of "Boyville," the famous book written by the late John E. Gunckel, who founded the Toledo Newsboys' association, as a history of his 15 years of work among newsboys.

**Defends Woman**

In the book are two pictures of "Firetop," one of an eager-eyed little urchin standing in a crowd of newsboys and another a drawing of "Firetop" striking a boy and a young woman standing looking on. Under the drawing is the caption, "He sweared at a lady and I punked him." It was this story of Sulkins' "punking" another boy in defense of a woman that won Toledo to him more than 20 years ago.

"I'm glad, oh, I'm glad," Mr. Bain said in speaking of the governor's reprieve. "If he'd gone to the chair (execution was set for Nov. 13) it would have been the only blot on Gunckel's association. He would have been the first member to bring such a thing onto the association's records."

Mr. Bain never knew "Firetop" personally, but in the six years Mr. Bain was assistant to the late J. D. Robinson, who was president of the Toledo Newsboys' association, there was always talk of "Firetop." Everyone knew him, from bank presidents to bootblacks, and he was looked on as a living character from a Horatio Alger book, Mr. Bain said.

Sulkin was one of Mr. Gunckel's "boys" and as such Mr. Bain feels a deep personal interest in his welfare. Mr. Bain as assistant to Mr. Robinson was in active charge of the Toledo Newsboys' association from 1916, the year after Mr. Gunckel's death, till 1922. While Mr. Bain was with the organization its membership grew from 8,000 boys to nearly 13,000.

Mr. Bain feels as hundreds of Toledoans do, he says, that it was not fair to send "Firetop" to the electric chair and give English and Licavoli life sentences, and is ready to do everything in his power for the convicted man who is still a member of the Newsboys' association.

"Once a member, always a member," Mr. Bain explained.

# NEEDY OHIO SCHOOLS TO RECEIVE FUNDS

**Special Tax Distribution To Be Made as 20 Units Threaten To Close.**

By The Associated Press

COLUMBUS, O., Nov. 13—A note of encouragement went out today to school districts struggling to make both ends meet in the face of decreased incomes and mounting debts.

Dr. David Sutton, fiscal officer for the state department of education, said the state auditor planned to make a special distribution of sales tax and liquid fuel tax monies so schools could meet payrolls for the last half of November.

E. L. Bowsher, state director of education, had said 20 Ohio schools might have to close unless they received aid soon. He placed part of the blame for their plight on failure of special school levies at the Nov. 3 election. The 10-mill limitation, Bowsher said, also had placed many schools in a difficult position.

He said the legislature would be asked to pass special legislation to permit the districts to vote again on the levies.

Operating debts of Ohio schools on July 1 totaled $22,000,000. Sutton estimated the bonded indebtedness of the school districts for building at $223,000,000.

## Letters from Our Readers

**BEYOND IMAGINATION**

Editor of The Star:

Before last presidential election the *balancing of the national* budget and checking the national indebtedness were basic factors to worry about, according to Roosevelt's campaign speeches and Hoover's condemnation of pork-barrel legislation. But today it appears in checking into such factors for solid footing for a return of prosperity, a quicksand datum apparently reveals that worrying over such factors diminishes in an inverse ratio in regards to an increase in red figures. So if a reliable return of business is as apparent as we are led to believe it is, the national politicians seeking reelection next year can make their campaign speeches very short and effective by stating they voted mostly for everything Roosevelt asked for and are now seeking reelection on their past record.

Offhand it is beyond lot of our imaginations to see how a revolving fund such as the Townsend plan can become perpetual for giving off rewards, as perpetual motion can be condemned by the instant you create action you create friction, it takes work to overcome friction and you are not allowed to create any work. But if the increasing negative or red figures are justified in a return of reliable prosperity, then the Townsend revolving fund would be a mere trifle of the revolving gift funds that would automatically come into action through induction and "hundred to one shot" and "there off with a cloud of dust" will be our motios.

Very truly yours,
Arthur A. Craven.
